

I met Donna Morisey on a Friday evening about 9:00. My friend Jeff Tackett introduced us at Green's Restaurant on Arch Street and she told me she would like to have me to sign a affidavit on Troy Warner case. The following nite Jeff and I met and went to Donna's house to sign the affidavit. The next day I started noticing suspicious cars following me and coming by my home. That nite I got a call from Jeff Tackett telling me he was experiencing the same thing and Donna Morisey was also. We met at Donna's house that nite and watched and talked at cars and people began messing around Donna's house. She called the police, they came and we told them what was going on and what we saw. But it did not stop.

The following Tuesday I went by Troy Warner's home to talk with her about what was going on and noticed a red, late-model Ford 7-bird coming by. I left and on my way to Donna Morisey's house I noticed the same red 7-bird sitting at the C-store on Arch Street Pike. I saw two of my friends sitting at Landmark Shopping Center parking lot and pulled in to talk to them while observing the red 7-bird. As we sat in the parking lot, the red 7-bird immediately

Started up and drove around the shopping center parking lot we were parked in. The red 7-liner crossed Atwood road and parked at the C-store parking lot about 2 minutes then I locked my truck up against the parking block facing the red 7-liner. As I locked up, the car started toward me straight across Atwood road, ~~and~~ beside the new building, with its lights on bright, as the car approached me, I started pulling up, as I pulled my passenger side window to the same side on the car, Jay Campbell, Kerry Thomas, and another man, all jumped from the car with guns drawn and told me I was under arrest. For what reason, I did not know. Kerry Thomas came up to me, and for no reason, hit me in the throat with his fore-arm, as he started to hit me again, I grabbed his arm and said "quit M.F.", as I did, ^{Kerry really Jay Campbell} ~~Jay Thomas~~ grabbed hold of me and Kerry Thomas started repeating what I had said to him as he hit me in the throat in the same fashion. I was hit several times as they questioned me and ~~searched~~ searched my truck. Jay Campbell ~~and~~ hit me three times between the eyes with his knee, my lip had been busted, and I had the breath knocked out of me more than once. At one time I almost passed out. They had knocked me silly.

They questioned me all about Troy, his slow feet,
the machine gun, they told me they ~~then~~ knew the
last amount of pot I had recieved from Troy Warner
was 30 pounds, which is the biggest lie I've ever
heard, but I told them what they wanted to hear
and done what they wanted me to do so I wouldn't
get whopped any more, because they told me from
the start they had been paid, for beating people & robbing,
and that it just caused the people that much more
trouble. After we got to the police station they told me
they would release me and there would be no more
trouble if I would call Donna Morrissey for them and
if I would ~~stay~~ stay away from her and David Lewis.
The cars have not stopped following me or stopped
diving in front of my house at all hour of the day
and nite.
